

Green Gardener Graywater Training Program Outline

March 6-29, 2019

Santa Clara Valley Water District Administration Building
5750 Almaden Expressway, San José, CA 95118

Principal Instructor: Sherry Lee Bryan, Ecology Action

Guest instructors include contractors experienced in alternate water irrigation systems, and staff from Santa Clara Valley Water District and local building and planning departments.

Participants must attend installation classes and score a 75% on the final exam to receive Green Gardener Professional Greywater Installer Certification.
